

M628A

The **M628A** from Toyo Tires is an all-position tyre designed for use in urban and short-haul applications.

The tyre's deep tread depth ensures long tread life, while its flat crown radius and wide tread width offers even wear and optimised handling.

● Most suitable
 ● Suitable
 ● Not recommended

FEATURES

Scrub resistant tread compound with deep tread depth

Flat crown radius and wide tread width

Wide shoulder ribs and square tread shoulder

BENEFITS

Long tread life in urban and short haul applications

Even distribution of contact pressure across the contact patch for even wear and optimised handling

Minimised tread flex at the tread shoulder for improved handling and resistance to shoulder wear
